

..... A tutoring program that changes the lives of students and tutors.

Turning Point Ministries has been blessed to have caring and committed adults who are willing to volunteer their time to helping students learn to read in grades 1-6. The goal is to be proactive in assisting students at the Cincinnati Leadership Academy (CLA), a neighboring charter school, to improve reading skills while developing positive relationships with caring and committed adults. This City Gospel Mission Program is designed to take an individualized approach to tutoring. The child receives individual attention at every session. TPM is concerned about the whole child. TPM supports CLA students academically, emotionally, socially and spiritually. TPM believes that partnering with CLA enhances the opportunity for students and their parents to view Turning Point Ministries as an option for their spiritual growth. It has been a blessing to see several Whiz Kids, their siblings and parents visit on Sunday mornings. Our volunteers know that if we let our light so shine and do good work with these students, we become the avenue by which students can learn about Christ. God is truly working on our behalf by blessing the tutoring program. We must give Him all the praise and glory. We are always looking for tutors. Won't you consider becoming a Whiz Kid tutor?
